

ANZA AMER

COMPUTER SCIENCE UNDERGRADUATE | FRONTEND / SOFTWARE DEVELOPMENT

03234285453 | anzaamer60@gmail.com | www.linkedin.com/in/anza-amer | Lahore, Pakistan

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science undergraduate with a solid grasp of web development fundamentals, including JavaScript, HTML/CSS, and Git. Proven ability to deliver functional and user-friendly web interfaces through hands-on projects. Eager to apply problem-solving and collaboration skills in real-world software development environments through internship opportunities.

TECHNICAL SKILLS

Languages: Python, C++, JavaScript

Database: SQL, NoSQL, MongoDB

Programming: OOP, Algorithms & Data Structures, MVC Architecture

Web: HTML, CSS, JavaScript, React, Frontend Web Development

Tools: Git & GitHub, Postman

Engineering: SDLC & Testing, Agile/Scrum, Networking (HTTP/HTTPS, DNS, IP Addressing), Cloud Concepts

PROJECTS

Portfolio Website | *React.js, CSS*

- Built a responsive personal portfolio using reusable React components and CSS.
- Implemented smooth navigation and modern UI; deployed the website using GitHub Pages.
- Portfolio:** <https://Anzaamer.github.io/portfolio-React/> | **GitHub:** <https://github.com/Anzaamer/portfolio-React>

Streaming Platform UI (Inspired by Netflix) | *HTML, CSS, JavaScript*

- Developed a responsive Netflix-like UI with dynamic navigation menus and carousel sliders.
- Optimized 20+ media elements and applied modular/MVC-style separation of UI, logic, and data.
- Used Git and GitHub for version control.

Student Database Management System | *Python, SQLite, SQL*

- Designed a terminal-based academic record system with CRUD functionality using SQL queries and Python.
- Applied modular/OOP practices, input validation, and error handling for maintainability.

Snake Game | *Python, Pygame*

- Developed a 2D Snake game with real-time keyboard handling, game-loop mechanics, collision detection, score tracking, screen wrapping, and restart functionality.
- GitHub:** <https://github.com/Anzaamer/Snake-Game>

EDUCATION & CERTIFICATIONS

Education

- Bachelors in Computer Science — Lahore College for Women University (2023–2027)
- ICS Physics — Punjab Group of Colleges (2019–2021)
- Matriculation — St. Anthony's High School Lahore (2019)

Certifications

- CodeCamp — Responsive Web Design
- CodeCamp — Scientific Computing with Javascript
- Self-learning SQL & database concepts (online platforms)
